* Children who join the club at pre-primary age must start play at a 6's grade. Children that are in Kindy can join the Ballers program. No child is allowed to play down an age group within the Sunday competition.
- 3.1.2 The club will provide the playing divisions as dictated by the number of teams and as the best possible combination to make a viable competition. Divisions will be mixed genders. Playing divisions will be approved by the General Committee based on the Registrar's recommendations based on player numbers.
- 3.1.3 All requests to play below an age group are to be submitted in writing each year to the Registrar accompanied by documentary substantiation of the reasons which have led to the request.
- 3.1.4 No child will be allowed to play tee ball in a higher age group unless authorised by the parent(s)/ guardian by a written and signed request, i.e. States; (except as provided at 2.3.6 or in exceptional circumstances to play in their school year, which will be decided by a

majority vote of the General Committee after an assessment by the chief coach of the player's ability)

3.2 CRITERIA FOR TEAM SORTING

3.2.1 Registration Forms/ Preferences

Registration preferences to be used in the following manner when sorting players into teams, listed in no order of preference:

- In the case of a returning player requesting:
 - same team as previous year
 - play with school friends
 - coach of previous year
 - school consideration
 - suburb consideration
- In the case of a new player:
 - play with school friends
 - school consideration
 - suburb consideration

Final compilation of teams is at the discretion of the Registrar and Tball Coordinator to ensure fair play and balanced teams. Preferences during registration are not guaranteed.

3.2.2 Number of players per Team

Teams in each division should have a maximum of 12 players. Where the team has less than 9 players, the team may borrow from the other team (see 2.3.7) providing there are more than 9 players in that team or rule 2.3.6 may apply.

3.2.3 State Players

Due to the redistribution of players at the commencement of the season, a situation may exist where any one team may end up with several current State Players from the previous season if they have previously played together as a Sunday team. The teams' composition will be put together at the Registrar's discretion ensuring that each team does not comprise of more than 3 state players from the previous season. Where older age groups are merged in combined competitions, the Registrar may find the need for more than the maximum number of state players to be placed in each team, this shall be discussed with the Executive committee, Chief Coach and Chief Umpire. The idea is not to create super teams.

3.3 GAME ACCREDITATION AND TEAM NUMBERS

3.3.1 To assist a team to achieve nine players, during a fixtured game a child is permitted to play in a higher age group subject to the following:

- The Committee must be notified, and approval given prior to the child playing.
- no child can play up more than one age group. *(11/12-13's is combined therefore are considered one group)*
- the child's safety is always to be considered; and
- the Coach of the requesting team must get the Parent of the child playing up, to sign* the front of the game score sheet in the space provided

**If a player plays up and the parent signature does not appear, then the game is forfeited 9 – Nil.*

*****NO CHILD IS ALLOWED TO PLAY DOWN AN AGE GROUP TO ASSIST A TEAM ACHIEVE NINE PLAYERS*****

3.3.2 Any team with ten or more players that plays a team with eight or less players are required to lend that team one or more players for that team to achieve nine players, whilst they still maintain nine players themselves. The criteria for selecting the player to be lent are as follows:

- as each innings occurs, the last player on the batting line-up is to field for the team that has less than nine players.
- as each innings occurs, a child sitting on the bench is to bat for the team that has less than nine players.

3.3.3 If both teams have 8 players or less, the game can still be played without the pitcher or center field (or both) positions not occupied. Forfeiting should **NOT** be an option unless discussed

with a EETBSA Committee member.

- 3.3.4 If one team has less than 6 players and numbers cannot be made up from borrowing, then all players from both teams should be mixed up and play a friendly game. No score will result. Scores sheet should be marked as a friendly game with all participating players ticked off accordingly.

3.4 GAMES

All games are to be played at the designated time and place provided in the season's fixtures. Teams must be in attendance in accordance with the fixtures or they will forfeit the game. (Refer to paragraph [3.4.2](#) for the rules of forfeiture.) A game shall be deemed legal where a minimum of two innings per team has been completed and a fully completed score sheet has been placed in the orange score box.

3.4.1 Cancellation of Games

A game may be cancelled where the following conditions prevail:

- Extreme weather: e.g. excessive heat, wet weather, thunderstorms, lightning, hail etc.
- Adverse ground conditions: Game cancelled at the discretion of the Executive Committee. (Adverse conditions – ground too wet, ground is damaged, etc.);
- **Other events as agreed by the executive committee.**

In the event of forecast high temperatures, the general committee may choose to reschedule or shorten games to allow games to proceed as an alternative to cancellation.

Notifications of game cancellation shall be completed at the earliest possible time by the Committee via the most efficient communications medium e.g. email, chat, etc.

If adverse conditions exist, the Committee will attempt to relocate the bases to make the diamond safe and allow the game to commence. Games may be played without marked lines.

Games will be cancelled only as a last resort.

If any cancellations do occur due to any of the above conditions, the following will apply:

- Where no games have started, or two full innings **have not** been completed, then the fixture may be rescheduled to a later date, as a **new game**.
- If games are cancelled after **two full innings** have been played, then the score will stand and will be deemed a game.

3.4.2 Forfeiture of Games

A game can be forfeited if, after 15 minutes from the scheduled start time,

- A team is not in attendance;
- OR
- Does not wish to participate in the game. (Note: Must be discussed with Committee)

The coach of the team present should locate the Chief Coach and Chief Umpire and have either complete the score sheet and sign it. Either Committee person will mark on the score sheet the players of the non-forfeiting team who are present and dressed ready to play. The score will be 9-0 in favor of the legal team.

Where both teams are:

- Not in attendance 15 minutes from scheduled start time;
- OR
- Do not wish to participate in the game; (Note: Must be discussed with Committee) then the game result will be 0-0.

IF both teams have seven or less players per team, rule [3.4.2](#) should apply.

*The Club recommends that the coaches of each team should take all steps possible **to avoid forfeiting a game, thus negating a game credit to the players**. Coaches should communicate with the Committee either before the day or at the diamond and agree to modified rules for the day to allow play to commence amongst those players who are able or willing to play.*

All players of the Sunday teams are to be given equal opportunity to play all positions during a season.

All Coaches shall use the club supplied rotation spreadsheet. Discretion may be used in special cases to accommodate specific needs; however, these are to be discussed with both coaches and umpire prior to the game.

It should be brought to the attention of the Chief Coach or Tball Coordinator if any player has a medical condition that may prevent the player from fielding in a particular position, for evaluation. Notwithstanding this, the rest of the team should be rotated as normal.

Committee members have the right to spot-check team rotations sheets during a Sunday game.

PENALTY – Coaches not found to be following the rules above may lose game points or game forfeiture.

10.2 CARNIVALS AND STATE CHAMPIONSHIPS

At TBABA Carnivals (i.e. Warren Lake), the same rotation as per Sunday games do not apply, however all players are to be given equal opportunity and field time.

11. INJURIES

In the event of an injury that requires medical attention, either during, before or after a game or training, then the child must present a doctor's certificate to be allowed to resume playing tee ball. If the injury occurs outside of tee ball, then a doctor's certificate will still be required. A certificate from a Physiotherapist is not a doctor's certificate.

No player shall participate in training or take the diamond in a medical support (splint, cast, moon boot etc) without a medical clearance from a doctor presented to the Registrar. The Registrar shall then notify the Chief coach and Chief Umpire as required.

12. PARENT/FAMILY BEHAVIOUR

The EETBSA will not tolerate any behavior which brings the game into disrepute. Parents/Family are bound to proper behavior as stated in the Parent Code of Conduct signed at the beginning of the season. However, the following will also apply during any tee ball Game:

A parent who is the Coach (or acting as a Coach) of the team:

- is the **ONLY** person allowed to address the plate umpire
- has full control of the team
- is the **ONLY** one allowed to direct players on the field (unless an assistant coach is also available) – others should **NOT** give directions

A parent who is the Manager, Base Coach or Assistant to the team:

- will help the coach with the administration/running of the team
- are to raise any queries through the Coach
- are not to make any comments/remarks to umpires, other coaches, etc.
- scorers are only there to score and encourage players (no direction to be given)

A parent who is the Plate or Field Umpire:

- will officiate to their best of their ability
- be courteous always and if dispute arises due to a question by either coach, refer the matter to the Chief Umpire or EETBSA after the game, verbally, followed by a written statement.
- courteously remind any parent (outside of the Coach) that voices their opinion to either umpire, to please be quiet or they will be ejected from the ground.

- if any situation that arises cannot be resolved, contact a Committee member immediately (even if it means stopping the game)

A parent/family member who is at the game as a spectator:

- does not have the right to address the officials during a game
- may only give the children encouragement not direction (as this only confuses the player and may contradict what the coach wants to achieve)
- may not make any disparaging remarks about another parent, child or family
- may not force their authority (because they know better).

A PARENT/FAMILY MEMBER MAY HAVE THEIR MEMBERSHIP TO THE CLUB CANCELLED IF THE RULES ARE NOT FOLLOWED.

13. DISCLAIMER

The Committee and members of the EETBSA make every effort to apply these rulings in an impartial manner. If the membership of the EETBSA has any cause for complaint, they are invited to submit their complaint in writing to the Secretary of the EETBSA for discussion.

At no point may individual members of the EETBSA be held responsible for the decisions of the EETBSA as an incorporated body.
